Disability Insurance

If you get hurt, this replaces some of your income. It's paid out in instalments until you are able to work again.

Critical Illness Insurance

If you get sick with one of the illnesses covered by your policy, and survive the waiting period, this pays you a lump sum to cover your expenses.

Travel Insurance

Depending on the product, a travel insurance policy can protect you if your baggage is lost, if you become sick or injured, are forced to cancel your trip, and even if your tour operator goes bankrupt, to name but a few scenarios. Faiella Financial Group has access to the best coverage to meet your travel needs.

GIC's

A GIC is a secure investment that guarantees 100% of the original amount that you invested. Your investment earns interest, at either a fixed or a variable rate, or based on a pre-determined formula.

Investment Funds

One type of investment helps you build your money to help achieve your goals. Common goals many people have include saving for retirement, educating your child, buying a home or furniture, or taking a vacation. Faiella Financial Group offers a solid range of investment "products" to help you build your money.

The other type is designed to return your money to you efficiently. Whether you've saved for retirement or a shorter-term goal, there are financial products designed to return your money in a way that helps you achieve your goal.

Long-term Care Coverage

Pays for the costs of long term care in instalments. Covers costs such as nursing care, rehabilitation, personal care and home-making services.
